Multi-source feedback for clinicians

CFEP Surveys' Multi-Source Feedback (360-degree feedback) is a powerful tool designed to support your professional development. By gathering comprehensive feedback from patients, colleagues, and self-assessment, it provides valuable insights into your performance, helping you reflect on key areas and develop actionable plans for continuous improvement and growth in your practice.

CFEP Surveys' Multi-Source Feedback tool supports clinicians to:

- Collect patient & colleague feedback
- Undertake self-assessment & reflection activities
- Gain insights into your professional behaviour & performance
- Identify strengths & prefessional development opportunities
- Create a professional development action plan
- Earn up to 66% of your annual CPD hours

Maximise your CPD hours by earning up to 66% of your annual CPD requirements as part of the Medical Board of Australia's Professional Performance Framework with CFEP Surveys' Multi-Source Feedback.

Personalised Formal Debrief

Maximise the impact of your Multi-Source Feedback with our personalised debrief service.

Maximise the impact of your Multi-Source Feedback report with CFEP Surveys' one-hour confidential personalised formal debrief service. Our tailored sessions help you dive deeper into your feedback, transforming insights into actionable improvements.

Our debrief pairs you with an expert to guide you through your Multi-Source Feedback report, ensuring you:

- Gain a deeper understanding: Move beyond the numbers with expert guidance, uncovering trends and nuances in the feedback.
- Develop a personalised action plan: Create a structured, targeted improvement plan to enhance your clinical performance and patient care.
- Foster continuous professional growth: With structured reflection, identify areas of strength and opportunities for improvement.

"The debrief really transforms how we approach feedback. It's not just about reviewing numbers—it's about understanding how to improve in meaningful ways. A structured debrief helps ensure that the feedback leads to real, impactful change." – Dr John Buckley, Experienced GP and Trainer

Unlock your Multi-Source Feedback's full potential with a CFEP Surveys' personalised formal debrief. Learn, reflect, and improve your perfomance with expert guidance. Click here to find out more.
